

# SPRINT 4

Jordy Walraven

- ▶ As a developer, I need to understand how various services or components within the system communicate with each other, so that I can ensure seamless interaction and integration between different parts of the system.
- ▶ As a developer, I want to ensure the reliable deployment of the application without encountering breaking issues, so that users can experience uninterrupted access and functionality.
- ▶ As a PC-Gamer, I want to delete my account, so that i can secure my privacy
- ▶ As a developer, I want my application to adhere to OWASP and law compliance

## SPRINT GOALS

Iteration 4 4 Estimate: 31 May 13 - Jun 02 ...					
15	✓ As a developer, I need to understand how various services or components within the system ... #6	Done	6	Iteration 4	Must
16	✓ As a developer, I want to ensure the reliable deployment of the application without encount... #20	Done	9	Iteration 4	Must
17	✓ As a PC-Gamer, I want to delete my account, so that i can secure my privacy #21	Done	9	Iteration 4	Must
18	⌛ As a developer, I want my application to adhere to OWASP and law compliance	Done	7	Iteration 4	Must
